Does your child suffer from eczema or chronic ear infections?

Do want alternatives to antibiotics for acute ear infections?

Join Catherine O’Halloran, ND as she discusses ways to treat eczema and ear infections through natural therapies. You will learn how to address these conditions through botanicals, nutrition, homeopathy, lifestyle modification and physical medicine. In addition to eczema, Dr. O’Halloran will talk about treatments for diaper rash, cradle cap and other skin conditions.

This is one lecture you will not want to miss!
